

Oh no, not again!

July 26, 2007: Forbes magazine reports senate panel approves bill that could impose new tariffs on China and other foreign countries. This could cause steel prices to rise in the near future.

That may be coming, this is now.

So far in 2007, first it was record-breaking ice and snow. Then we endured rains and flooding. Now most everyone is playing catch up trying to get the hay harvested.

The fence building and the corrals that you need before winter has probably not been your top priority.

Well, we noticed.

We have large inventories of materials and we want to give you the opportunity to SAVE MONEY by PLANNING AHEAD and ordering your materials NOW.

GoBob Pipe & Steel Sales is having a pre-season INVENTORY REDUCTION SALE. Some items are being sold at *COST* or below. You save two ways; purchase now at these below market sale prices *and* beat the possible steel price increases.
